

### Development Permit Regulations

- ⇒ Please be advised that if you make any changes such as enlarging your deck or starting a home occupation in your dwelling, building a fence, a garden shed larger than 100 sq. ft., major renovations to your dwelling such as structural alterations a development permit is required from the Village office.
- ⇒ Once you the Village office has received your development permit application, it may take up to two weeks before the permit is issued depending on the work load at the time or whether it needs Municipal Planning Commission approval and then once the permit has been approved it must be advertised in the local paper for two full weeks before the final approval for your permit is completed.
- ⇒ Failure to acquire the proper development permit may result in a caveat being placed on the title for non-compliance of a municipal bylaw.
- ⇒ Please feel free to contact the Village office and speak with the Development Officer for clarification on any development matter and Monique will be happy to assist you.
- ⇒ You may download a copy or view the Village's Land Use Bylaw by visiting the Village website at [www.consort.ca](http://www.consort.ca) under the Business section and you will find the Bylaw it is the first one on the list.
