2015 PREPAYMENT OF TAXES

Please be advised that you may prepay your 2015 taxes on or before February 28th, 2015 and receive a 5% discount. We calculate the payment on the 2014 tax notice and adjust the difference after the 2015 tax notices are mailed out if adjustments are required.

UTILITIES

NOTICE to all utility account holders—your December utility bill could be on the low side as we read them at mid month so expect your January utility bill to be on the high side as you will have six weeks consumption rather than just four.
